Official ACC Hashtags, Social Media Policy & Disclaimer

The ACC's **Hashtag Reference Guide**, covering over 100 cardiology- and ACC & JACC Journals-related terms, along with the official **ACC Social Media Policy**, can be found [here](#).

The College strongly encourages anyone using social media to include a disclaimer in their profiles. Examples of this include, but are not limited to, “opinions are my own,” “RT do not equal endorsements,” etc.

ACC's social media disclaimer: The American College of Cardiology and the American College of Cardiology Foundation (collectively, the “College”) welcome discussions related to all aspects of cardiology on our social media sites. The College does not allow the posting of any sensitive information relating to the practice of medicine or any information that directly or indirectly could identify a patient or consumer of health care, as it is in violation of our policy. The College reserves the right to remove any posts from its platforms that are in violation of our policies and that are deemed offensive. Promotion of drugs, devices and other medical technologies will not be tolerated, and any comments, discussions or links involving promotional material will be removed. Repeated attempts to post promotional content will result in the individual being blocked and/or reported. Statements or opinions expressed on the page reflect the views of the contributor, and do not reflect the official views of the College, unless otherwise noted. The College cannot respond to every comment. Likes and follows on social media channels are not endorsements. The College assumes no liability for sensitive information posted by users.
